

Data for International Transport Logistics

METRODISPENSER

Optimum pallet, container and trailer sizes for Metrodispenser portable drinks dispense tower (www.metrodispenser.com)

Version date 13/02/08

- The list gives optimum packing sizes for international deliveries of M, L and XL models of Metrodispensers, without accessories or spares, and should therefore be used as a guideline only. Weights includes goods, packing materials and pallets For combined consignments or specific quantities please obtain a packing list and a transport quote via the online contact form at www.metrodispenser.com

- **Ex-Works dispatch point** in all cases:

Iniciativas y Proyectos Hosteleros S.L.,
Calle Pino 19 Nave 4,
28500 Arganda del Rey (Madrid)
Spain (tel. +34 91 8717288)

- **The international tariff code** for the Metrodispenser is 8479 89.97.90 (for calculation of import duties).

- **Custom Tariff Code** (Authorized Exporter Number): ES/28/0097/06

The statement of this number on the invoices of Iniciativas y Proyectos Hosteleros S.L. substitutes the presentation of a EUR1 for exports to countries with an ALC agreement for EU Preferential Origin for Customs and Taxation.

- Pallets fulfil with the **Normative ISPM15**

- Further details may be obtained from the **International Sales Office**,
matchbox@matchbox-spain.com, tel. +34 925 867636, fax. +34 925 867201
